INDEX TO VOLUME 11

ABDOMEN, barrachian, *May*, 1422
conical, in ascites, *Jan.*, 855
enlargement of, causes, *Jan.*, 855
foreign body in, *Nov.*, 765
abdominal tuberculosis and, differentiation, *Nov.*, 768
malignancy and, differentiation, *Nov.*, 768
pellagra and, differentiation, *Nov.*, 768
pernicious anemia and, differentiation, *Nov.*, 768
sprue and, differentiation, *Nov.*, 768
Abdominal discomfort in migraine, *July*, 52
migraine, *May*, 1665
ketogenic diet in, *May*, 1666
pain in upper respiratory tract infections, *Sept.*, 416
palpation, Hausman's technic, *July*, 184
in examination of infant, *July*, 181
tenderness in ulcerative colitis, *July*, 191
tuberculosis, foreign body in abdomen and, differentiation, *Nov.*, 768
Abscess, amebic, of liver, *May*, 1451
fusospirochetal pulmonary, *July*, 127. See also *Fusospirochetal pulmonary abscess.*
multiple, of liver, *Sept.*, 455. See also *Multiple liver abscess.*
subphrenic, sarcoma of stomach and, differentiation, *Nov.*, 756
Acetone bodies in urine in diabetes, significance of, *July*, 97
Achilles' spurs in chronic arthritis, *May*, 1615
Achylia gastrica, individualization in treatment of, *Nov.*, 691
Acid dyspepsia in breast-fed infants, *Sept.*, 319
Acne scrofulosorum in tuberculosis of knee-joint, *July*, 15
Acquired and pure congenital dextrocardia, differentiation, *Sept.*, 351
Acremoniella, *March*, 1162
Acromegaly, hypertrophic osteoarthropathy and, differentiation, *March*, 1291
Actinomycetes, *March*, 1149
Actinomycosis, chronic pulmonary, laboratory findings in, *Nov.*, 775
diverticulosis of large bowel and, differentiation, *March*, 1368
Addison's disease following vertebral tuberculosis, pronounced asthenia in, *Jan.*, 1075
Adenitis, compensation and repair in, *Jan.*, 820
tuberculous, atypical, complicated by multiple myeloma, *March*, 1321
Hodgkin's disease and, differentiation, *March*, 1331
Adenoma of thyroid associated with heart-block and auricular flutter, *Sept.*, 487
toxic, associated cardiac states in, *Sept.*, 515
Adenomyoma of uterus in young women, *May*, 1460
Adhesions in viscera simulating Banti's disease, *Sept.*, 345
obstructing duodenum, *July*, 287
Adhesive plaster, use of, in pleurisy, *Nov.*, 657
removal of, *Nov.*, 662
Adiposity, juvenile, *Sept.*, 395
of breasts, *May*, 1460
Age as factor in diverticulosis of large bowel, *March*, 1363
Agranular bronchonocardiasis, *March*, 1150
Albuminuria, developmental, *July*, 197
in children, *July*, 197
growth, in children, *July*, 197
in children, *July*, 197
in nephritis, compensation and repair in, *Jan.*, 919
malnutrition, in children, *July*, 198
orthostatic, in children, *July*, 198
Alcoholic cirrhosis of liver, *July*, 55
ascites in, *July*, 58
bromsulphalin test in, *July*, 61

Aleukemic myeloblastic leukemia, acute, *July*, 157
purpura hæmorrhagica and, differentiation, *July*, 161
Alimentary tract, management of, in pneumonia, *Jan.*, 879
Alkalosis and nephritis in duodenal ulcer, *July*, 79
Allergy, localized, *Sept.*, 399
skin reactions in, *Sept.*, 401
Ameba, intestinal, in simple ulcerative colitis, *July*, 193
Amebic abscess of liver, *May*, 1451
colitis associated with chronic ulcerative colitis, *May*, 1452
dysentery, *July*, 255
cases illustrating, *July*, 256–260
diagnosis, *July*, 260
diarrhea and, *July*, 255
duration, *July*, 263
examination of stools in, *July*, 261
non-specific ulcerative colitis and, *July*, 261
prognosis, *July*, 264
treatment, *July*, 265
Chaparro amargoso, *July*, 266
emetin, *July*, 265
quinin, *July*, 267
stovarsol, *July*, 266
Anacidity, gastric, constant, in recurrent peptic ulcer, *May*, 1371
Anaëromyces bronchitica, *March*, 1153
Analgesia, colonic, in occiput-posterior presentation, *May*, 1474
Anastomoses, venous, with caval system in ascites, *Nov.*, 859
Anemia in chronic diffuse nephritis in children, *July*, 212
in gastroduodenal disease, preoperative treatment, *May*, 1411
in ulcerative colitis, *July*, 191
pernicious, cirrhosis of liver, malignancy and, differentiation, *July*, 216
compensation and repair in, *Jan.*, 922
foreign body in abdomen and, differentiation, *Nov.*, 768
liver feeding in, *July*, 147
sprue and, differentiation, *March*, 1249
relation, *Nov.*, 808
tabes dorsalis and, differentiation, *Sept.*, 442
vitamin theory of, *July*, 148
with neurologic symptoms, *Sept.*, 439
sickle-cell, *March*, 1171. See also *Sickle-cell anemia.*
sinus tachycardia in, *Jan.*, 945
Anemia, value of red-cell diameter estimations in, *March*, 1247
Anesthesia, general, fusospirochetal abscess following, *July*, 129
Aneurysm, cerebral, *July*, 1
subarachnoid hemorrhage due to, *July*, 7
thrombosis and, differentiation, *July*, 9, 11
trigeminal neuralgia and, differentiation, *July*, 2
tumor and, differentiation, *July*, 10
Angina pectoris, arterial hypertension associated with, *Sept.*, 306
compensation and repair in, *Jan.*, 924, 927
Anginoid heart-failure, *Jan.*, 1094
Ankles, pronated, in chronic arthritis, *May*, 1606, 1609
Anomalies of female generative tract, *May*, 1457
Anorexia in infantile dystrophy, *Jan.*, 1068
Antigen mixture for slide test in syphilis, *March*, 1226, 1227
Antiscarlatinal serum, *Nov.*, 638
Antitoxin, effects of, on leukocytosis in diphtheria, *March*, 1293
Fehring's, *July*, 277
treatment in erysipelas, *May*, 1653
Antral deformity in *x*-ray diagnosis of gastric ulcer, *May*, 1399
Aorta, abdominal, thrombosis and embolism of, *Jan.*, 973
clinical picture of, *Jan.*, 995
differentiation, *Jan.*, 995
treatment, *Jan.*, 998
Aortic regurgitation, compensation and repair in, *Jan.*, 924
Aortotomy in embolism and thrombosis of abdominal aorta, *Jan.*, 998
Appendicitis, acute, pylephlebitis with multiple liver abscess secondary to, *Sept.*, 457
and hypertension, familial, *May*, 1435
as cause of liver abscess, *Sept.*, 456
chronic, paroxysmal hypertension in, *May*, 1521
diverticulosis of large bowel and, differentiation, *March*, 1369
palpation in, *July*, 185
sarcoma of stomach and, differentiation, *Nov.*, 757
Appendicular liver, *Sept.*, 456
Aran-Duchenne progressive muscular atrophy, *Sept.*, 336
Arsenic in treatment of pemphigus, *Sept.*, 508

Arterial hypertension, essential, *Sept.*, 295
classification, *Sept.*, 300
course, *Sept.*, 299
kidney function in, *Sept.*, 306
morbid states associated with, *Sept.*, 304
pressor agencies in, *Sept.*, 296
compensation and repair in, *Jan.*, 927
Arteriosclerosis, arterial hypertension associated with, *Sept.*, 305
Artery, basilar, thrombosis of, *July*, 9
Arthritic purpura, *Nov.*, 720
rheumatic fever and, differentiation, *Nov.*, 736
simulating endocarditis, *Nov.*, 739
with carotinemia simulating endocarditis, *Nov.*, 736
Arthritis, blood calcium content in, *Sept.*, 610
chronic, hallux valgus in, *May*, 1613
calcaneal spurs and metatarsalgia in, *May*, 1615
care of feet in, *May*, 1603
flat-foot in, *May*, 1606, 1608
foot defects in, *May*, 1604
of feet associated with obesity, *May*, 1619
pronated ankles in, *May*, 1606, 1609
rigid foot and rigid hallux in, *May*, 1618
deformans due to upper respiratory tract infection, *Sept.*, 421
endocrine disorders accompanying, *July*, 123
gouty, *May*, 1624, 1627. See also *Gouty arthritis*.
hypertrophic, *May*, 1620
in rheumatic fever, *March*, 1346
of menopause, *May*, 1621
typhoid, of femur after eleven years' latency, *July*, 229
Artificial feeding of infants, dystrophy in, *Jan.*, 1055. See also *Dystrophy*.
pneumothorax in pulmonary tuberculosis, *July*, 33
apparatus, *July*, 34
complications, *July*, 36
contraindications, *July*, 33
operation, *July*, 35
symptoms, *July*, 35
with diabetes mellitus, *July*, 33
Ascites, *Jan.*, 851
batrachian ascites in, *May*, 1422
causes of, *Jan.*, 858; *May*, 1420
Ascites, caval obstruction in, *Jan.*, 859
chylous, and chylothorax, *Sept.*, 479
Cullen sign in, *Jan.*, 855
cysts of ovary or parovarium and, differentiation, *Jan.*, 858
differential diagnosis, *Jan.*, 858
distended gall-bladder and, differentiation, *Jan.*, 858
diuretics in, *May*, 1420
fluid percussion waves in, *Jan.*, 856
hepatic function tests in, *May*, 1420
in alcoholic cirrhosis of liver, *July*, 58
in multiple serositis, *May*, 1423
in portal cirrhosis, *May*, 1427
medical tapping in, *May*, 1422
omphalitis in, *Jan.*, 855
physical signs, *Jan.*, 855
Ransohoff sign in, *Jan.*, 856
treatment, problems in, *May*, 1419
venous anastomoses with caval system in, *Jan.*, 859
Ascitic fluid, diagnostic significance of, *Jan.*, 861
Aspergilliosis, bronchial, *March*, 1157
Aspergillomycosis of ear, *March*, 1135
Aspergillus, *March*, 1157
Asthenia, neurocirculatory, simulating nervous breakdown, *Sept.*, 601
pronounced, in Addison's disease following vertebral tuberculosis, *Jan.*, 1075
in diabetes insipidus, pituitrin in, *Jan.*, 1071
in endocrine disease, *Jan.*, 1071
in juvenile diabetes mellitus in elderly woman, *Jan.*, 1077
Asthma, bronchial, *Sept.*, 402
cardiac, *Jan.*, 1093
due to house dust, *July*, 41
dust-extract therapy, *July*, 43
individualization in treatment of, *Nov.*, 694
Asymptomatic paresis, tryparsamid therapy in, *March*, 1279
Ataxia, hereditary, *Sept.*, 343
Atelectasis in newborn infant due to thymic enlargement, *Sept.*, 583
birth injury and, differentiation, *Sept.*, 585
bronchopneumonia and, differentiation, *Sept.*, 585
congenital heart lesions and, differentiation, *Sept.*, 585
differential diagnosis, *Sept.*, 585

Atelectasis in newborn infant due to thymic enlargement, physical findings, *Sept.*, 584
symptoms, *Sept.*, 585
syphilis and, differentiation, *Sept.*, 585
treatment, *Sept.*, 586
Atophan, toxic hepatitis and hepatolysis following use of, *Jan.*, 1025
yellow atrophy of liver following use of, *Jan.*, 1025
Atopy, *Sept.*, 399
Atoquinal, toxic jaundice following use of, *Jan.*, 1026
Atrophy, yellow, of liver, following use of atophan, *Jan.*, 1025
Atypical paresis, tryparsamid therapy in, *March*, 1278
Auricular fibrillation, *Jan.*, 954
digitalis therapy in, *Jan.*, 956
in exophthalmic goiter, *Sept.*, 516, 524
quinidin therapy in, *Jan.*, 956
quinin therapy in, *Jan.*, 956
treatment, *Jan.*, 955
flutter, 953
associated with heart-block and adenoma of thyroid, *Sept.*, 487
paroxysmal tachycardia, *Jan.*, 947
Automatism, epileptic, *Sept.*, 435, 437
Autonomic imbalance, *Sept.*, 593

BABY. See *Infant.*
Bacillus vermiculoides, *March*, 1131
Bacteria, pyogenic, associated with fusospirochetal abscess, *July*, 130
Balanitis, mycotic, *March*, 1167
Balanoposthitis, mycotic, *March*, 1167
Banti's disease, adhesions in viscera simulating, *Sept.*, 345
Basilar artery, thrombosis of, *July*, 9
Basophils, *March*, 1200
Batrachian abdomen, *May*, 1422
Bezoar, *Sept.*, 499
Bile-tract disease, diet in, *Sept.*, 553
response of, to food, *Sept.*, 554
Bilobar hypopituitarism, *Sept.*, 394, 395
Biloptin, toxic jaundice following use of, *Jan.*, 1034
Birth injury, atelectasis and, differentiation, *Sept.*, 585
Bismuth therapy in secondary syphilis of skin, *July*, 26
Bladder, multiple stones in, *May*, 1506
Blastomycosis, pulmonary, *March*, 1145
Bleeders, *July*, 171
Bleeding in carcinoma of esophagus, *Jan.*, 1005
Blood calcium content in arthritis, *Sept.*, 610
in cardiovasculorenal disease, *Sept.*, 612
in diseases of endocrine system, *Sept.*, 608
of respiratory tract, *Sept.*, 607
in epilepsy, *Sept.*, 612
in gastro-intestinal disease, *Sept.*, 613
in hypersensitiveness, *Sept.*, 608
in infections, *Sept.*, 613
in malignancy, *Sept.*, 613
in migraine, *Sept.*, 612
in rickets, *Sept.*, 613
in tetany, *Sept.*, 607
Chvostek's sign and, *Sept.*, 615
in ununited fractures, *Sept.*, 613
deficiency, treatment of, *Sept.*, 615
estimation, diagnostic value, *Sept.*, 603
regulation of, *Sept.*, 605
collection of, for slide test in syphilis, *March*, 1227
dyscrasia-diarrhea, *Nov.*, 805
Blood-cells, red, diameter estimations, value of, in anemias, *March*, 1247
Blumer shelf, *Jan.*, 856
Boas' overwork theory of cardiac changes in hyperthyroidism, *Sept.*, 521
Bone infection, typhoid, after eleven years latency, *July*, 229
Bowel evacuations in pneumonia, *Jan.*, 882, 883
large, diverticulosis of, *March*, 1361
Bradyapnea, *Sept.*, 531
Bradykinetic syndrome, *March*, 1353
Brain tumor, epileptiform convulsions due to, *May*, 1591
Breakdown, nervous, *Sept.*, 591
Breast-feeding, *July*, 273
Breasts, hypertrophy of, *May*, 1459
lipomatosis of, *May*, 1460
Brill's disease, *Jan.*, 1099. See also *Endemic typhus fever.*
Bromism, neuropsychiatric manifestations of, *Sept.*, 541
Bromsulphalin test in alcoholic cirrhosis of liver, *July*, 61
Bronchial aspergilliosis, *March*, 1157
asthma, *Sept.*, 402
Broncho-acladiosis, *March*, 1163
Broncho-acremoniellasis, *March*, 1162
Broncho-actinomycosis, *March*, 1150

Broncho-anaëromycosis, *March*, 1152, 1154
Broncho-blastomycosis, *March*, 1145
Broncho-cladosporiosis, *March*, 1163
Broncho-cryptococcosis, *March*, 1148
Broncho-endomycosis, *March*, 1148, 1157
Broncho-hemisporosis, *March*, 1156
Broncho-moniliasis, *March*, 1137
diagnosis, *March*, 1141
etiology, *March*, 1138
inoculation experiments in lower animals, *March*, 1138
primary and secondary, *March*, 1143
symptomatology, *March*, 1140
treatment, *March*, 1144
Broncho-mucormycosis, *March*, 1160
Bronchomycoses, *March*, 1135
due to yeast-like fungi, *March*, 1136
Broncho-nocardiasis, *March*, 1149
agranular, *March*, 1150
granular, *March*, 1150
Broncho-oïdiosis, *March*, 1155
Broncho-penicilliosis, *March*, 1159
Bronchopneumonia due to streptococci, *Nov.*, 697
in measles, *Nov.*, 624
in newborn, atelectasis and, differentiation, *Sept.*, 585
of tuberculous origin, *Jan.*, 846
Broncho-saccharomycetosis, *March*, 1148
Bronchoscopy in treatment of lung suppuration, *Jan.*, 961
Broncho-sporothricosis, *March*, 1163
Broncho-streptothricosis, *March*, 1150
Broncho-vibriothrixosis, *March*, 1155
Bronze diabetes, *May*, 1380
Brucella melitensis, *May*, 1663
Bubonic plague, history of case, *Nov.*, 779
Buerger's disease, clinically arrested, *May*, 1527
superficial phlebitis in, *May*, 1560
vascular gymnastics in diabetic gangrene, *Nov.*, 650
Bullous iododerma, sodium chlorid in, *July*, 29
Buttermilk therapy in diarrheal dystrophy in infants, *Jan.*, 1065

CALCANEAL spurs in chronic arthritis, *May*, 1616
Calcareous pyelonephritis, tuberculosis and, differentiation, *May*, 1486
Calcium, functions of, in body, *Sept.*, 604
Calcium in blood, deficiency of, treatment, *Sept.*, 615
estimation of, diagnostic value, *Sept.*, 603
in diseases, *Sept.*, 607. See also *Blood calcium content.*
regulation of, *Sept.*, 605
Capillaries, septic thrombosis of, multiple gangrenous dermatitis secondary to, *Jan.*, 844
Carbohydrate deficiency, dystrophy due to, treatment of, *Jan.*, 1062
metabolism in dyspituitarism, *March*, 1244
requirement, indispensable minimal, in diabetes, *July*, 98, 101
Carcinoma of cardia, *May*, 1392
of colon, diverticulosis and, differentiation, *March*, 1368
pellagra secondary to, *July*, 237
of esophagus at cardia, *May*, 1392
bleeding in, *Jan.*, 1005
clinical course, *Jan.*, 1010
cough in, *Jan.*, 1005
diagnosis, *Jan.*, 1005
by esophagoscopy, *Jan.*, 1008
by passage of stomach-tube, *Jan.*, 1006
by *x*-ray, *Jan.*, 1007
etiology, *Jan.*, 1002
gastrostomy in, *Jan.*, 1011
medical palliative treatment, *Jan.*, 1011
pain in, *Jan.*, 1004
pathology, *Jan.*, 1001
perforation of esophagus by esophagoscope in, *Jan.*, 1008
radium therapy, *Jan.*, 1010
regurgitation of food in, *Jan.*, 1004
symptomatology, *Jan.*, 1003
treatment, *Jan.*, 1010
true dysphagia in, *Jan.*, 1003
unusual cases, *Jan.*, 1012–1024
of lung, syphilis of lung and, differentiation, *Jan.*, 931
of pancreas with metastases to liver, *July*, 219
of prostate, osteoclastic metastasis from, *May*, 1600
osteoplastic metastasis from, *May*, 1600
of rectum and colon, acute renal insufficiency following operation for, *May*, 1571
of stomach, gastric syphilis simulating, *Jan.*, 890
on diverticulitis, *March*, 1366
Carcinomatous osteitis, *May*, 1596
ulcer of stomach, *x*-ray diagnosis, *May*, 1402

Cardia, carcinoma of, *May*, 1392
Cardiac asthma, *Jan.*, 1093
end of stomach, lesions of, differential diagnosis, *May*, 1389
failure. See *Heart-failure.*
involvement in rheumatic fever, *March*, 1346
irregularities in hyperthyroidism, *Sept.*, 515
theories of, *Sept.*, 521
individualization in treatment of, *Nov.*, 689
unusual prognoses in, *July*, 279
with purpuric symptoms, *Nov.*, 720
mechanism in relation to tachycardias, *Jan.*, 941
neurosis, sinus tachycardia in, *Jan.*, 945
Cardiospasm, *May*, 1389
carcinoma of cardia and, differentiation, *May*, 1392
diverticula of esophagus and, differentiation, *May*, 1396
hernia of stomach and, differentiation, *May*, 1396
spasm of esophagus and, differentiation, *May*, 1392
Cardiovascular syphilis in husband and wife, *May*, 1643
Cardiovasculorenal disease, blood calcium content in, *Sept.*, 612
Carman's meniscus sign in gastric ulcer, *May*, 1402
Carotinemia in arthritic purpura, *Nov.*, 736
Catharsis in pneumonia, *Jan.*, 882
Caval obstruction in ascites, *Jan.*, 859
Central nervous system involvement in Raynaud's disease, *Jan.*, 835
lesions of, associated with arterial hypertension, *Sept.*, 306
Cerebral aneurysms, *July*, 1
subarachnoid hemorrhage due to, *July*, 7
thrombosis, and tumor, differential diagnosis, *July*, 9, 11
trigeminal neuralgia and, differentiation, *July*, 2
symptoms in paroxysmal tachycardia, *Jan.*, 948
thrombosis, aneurysm, and tumor, differential diagnosis, *July*, 9, 11
vessels, repeated spasms of, *July*, 11
Chaparro amargoso in treatment of amebic dysentery, *July*, 266
Chenopodium, oil of, in treatment of intestinal parasitic worms, *March*, 1221
Children, albuminuria in, *July*, 197
nephritis in, *July*, 201
Cholangitis as cause of liver abscess, *Sept.*, 456
infective, and pylephlebitis with liver abscess due to stone in hepatic duct, *Sept.*, 461
Cholecystitis, chronic, paroxysmal cholecystitis in, *May*, 1521
duodenal ulcer and, relationship between, *Sept.*, 473
walled-off peptic ulcer and, differentiation, *July*, 75
Cholecystography, di-iodo-di-ethyl ether of di-salicylphthalein for, *Nov.*, 813
modern methods in, *Nov.*, 811
tetrabromphenolphthalein for, *Nov.*, 812
Cholelithiasis, chronic infectious jaundice and, differentiation, *July*, 223
compensation and repair in, *Jan.*, 922
walled-off peptic ulcer and, differentiation, *July*, 75
Choleperitoneum, diagnostic significance of, *Jan.*, 862
Cholesterin metabolism, *Sept.*, 557
Chorea, chronic, due to upper respiratory tract infection, *Sept.*, 420
Chvostek's habitus, ascites in, *Jan.*, 856
sign in tetany, blood calcium content and, *Sept.*, 615
Chylothorax and chylous ascites, *Sept.*, 479
Cirrhosis, alcoholic, of liver, *July*, 55
ascites in, *July*, 58
bromsulphalin test in, *July*, 61
of liver, *July*, 215
ascites in, *Jan.*, 854
chronic infectious jaundice and, differentiation, *July*, 223
malignancy, pernicious anemia and, differentiation, *July*, 216
pericarditic pseudoliver, *Jan.*, 834
portal, ascites in, *May*, 1427
diuretic treatment, *May*, 1430
Cisternal puncture in meningococcal meningitis, *March*, 1299
technic, *March*, 1311
Clasmatocyte, *March*, 1209
Claw-foot, familial, *Sept.*, 326
Clinical importance of relation between connective tissue of stomach, duodenum, pancreas, liver, and spleen, *Sept.*, 345
method for quantitative determination of stool reaction, *Nov.*, 801

Clinical perimetry, *Jan.*, 1043
Clubbed fingers, *March*, 1283
Coitus, transmission of fungal infections by, *March*, 1169
Cole and Graham's tetrabromphenolphthalein method of gall-bladder study, *Nov.*, 812
Coleman diet in ulcer hemorrhage, *Sept.*, 410
Colic, flatulent, *Sept.*, 319
Colitis, amebic, associated with chronic ulcerative colitis, *May*, 1452
chronic ulcerative, associated with amebic colitis, *May*, 1452
idiopathic ulcerative, *July*, 189
innominate ulcerative, *July*, 189
non-specific ulcerative, amebic dysentery and, *July*, 261
simple ulcerative, *July*, 189
ameba in, *July*, 193
clinical aspects, *July*, 189
diarrhea in, *July*, 190
proctoscopic examination in, *July*, 191
stovarsal therapy in, *July*, 194
treatment, *July*, 191
x-ray examination in, *July*, 191
Collapse, massive, of lung, *July*, 105
Colon and rectum, carcinoma of, acute renal insufficiency following operation for, *May*, 1571
carcinoma of, diverticulosis and, differentiation, *March*, 1368
pellagra secondary to, *July*, 237
Colonic analgesia in occiput-posterior presentation, *May*, 1474
Color-fields, use of, *Jan.*, 1046
Compensation and repair in disease, *Jan.*, 919
Concato's disease, *Jan.*, 835; *May*, 1424
Congenital dextrocardia, pure, *Sept.*, 351
acquired dextrocardia and, differentiation, *Sept.*, 351
sinus inversus and, differentiation, *Sept.*, 351
heart lesions in newborn, atelectasis due to thymic enlargement and, differentiation, *Sept.*, 585
hypothyroidism, *Sept.*, 391
Congestive heart-failure, *Jan.*, 1086
in exophthalmic goiter, management of, *Sept.*, 569
medical treatment, *Sept.*, 571
surgical treatment, *Sept.*, 575
in hyperthyroidism, *Sept.*, 526
and in other conditions, differentiation, *Sept.*, 527
purpura secondary to, *Nov.*, 731
Conical abdomen in ascites, *Jan.*, 855
Conjunctivitis due to monilia, *March*, 1133
Connective tissue of stomach, duodenum, pancreas, liver, and spleen, clinical importance of relation between, *Sept.*, 345
Consciousness, loss of, recurrent attacks, *May*, 1583
epilepsy and, differentiation, *May*, 1584
Constipation as factor in diverticulosis of large bowel, *March*, 1362
in migraine, *July*, 52
in pneumonia, conservative treatment, *Jan.*, 883
Constitutional disturbances, dystrophy in infants due to, *Jan.*, 1059
Convulsions, epileptiform, due to brain tumor, *May*, 1591
Coronary thrombosis, electrocardiography in diagnosis of, *Sept.*, 445
Cough in carcinoma of esophagus, *Jan.*, 1005
tea-factory, *March*, 1144
tea-tasters, *March*, 1144

Tubular nephritis in children, *July*, 203
Tumor, cerebral, aneurysm, thrombosis and, differentiation, *July*, 9, 11
epileptiform convulsions due to, *May*, 1591
of skull encroaching on intracranial space, *Nov.*, 675
Tunnicliffe's serum, *July*, 277

Typhoid bone infection after eleven years' latency, *July*, 229
fever, endemic typhus fever and, differentiation, *Jan.*, 1107
sarcoma of stomach and, differentiation, *Nov.*, 756
Typhus fever, endemic, *Jan.*, 1099. See also *Endemic typhus fever.*

ULCER, duodenal. See *Duodenal ulcer.*
gastric. See *Gastric ulcer.*
gastrojejunal. See *Gastrojejunal ulcer.*
jejunal, *Sept.*, 410
Lewin duodenal catheter treatment, *Sept.*, 412
of stomach. See *Gastric ulcer* and *Peptic ulcer.*
peptic. See *Peptic ulcer.*
Ulcerative colitis, idiopathic, *July*, 189
innominate, *July*, 189
simple, *July*, 189. See also *Colitis, simple ulcerative.*
Unconsciousness, recurrent attacks of, *May*, 1583
epilepsy and, differentiation, *May*, 1584
Undulant fever, *May*, 1661
Ununited fractures, blood calcium content in, *Sept.*, 613
Upper respiratory tract infections, acute, systemic manifestations, *Sept.*, 416
chronic, systemic manifestations, *Sept.*, 419
systemic manifestations, *Sept.*, 415
Urethritis, mycotic, *March*, 1164
black, *March*, 1165
primary and secondary, *March*, 1166
red, *March*, 1165
white or yellow, *March*, 1164
Urine, acetone bodies in, in diabetes, significance of, *July*, 97
Urologic cases, unusual, *May*, 1479
Uterus, adenomyoma of, in young woman, *May*, 1460
prolapse of, in young woman, *May*, 1462

VACCINATION, smallpox, of infant, *July*, 275
Vaginates, mycotic, *March*, 1167
Vaginitis, mycotic, black, *March*, 1169
red, *March*, 1169
Vagus paralysis, transitory bilateral, in tabes dorsalis, *Sept.*, 531
Valvulitis, acute infectious, hemophilic hemarthrosis simulating, *Nov.*, 745
chronic rheumatic, purpura secondary to, acute heart-failure in *Nov.*, 727
Vaquez's disease, *May*, 1536
Venous anastomoses with caval system in ascites, *Jan.*, 859
Ventricular paroxysmal tachycardia, *Jan.*, 947
Vertebral tuberculosis, Addison's disease following, *Jan.*, 1075
Visceral purpura, *Nov.*, 720
simulating endocarditis, *Nov.*, 739
Visual-field disturbances, interpretation of, *Jan.*, 1043
Vitamin theory of pernicious anemia *July*, 148
Volhard's hunger-and-thirst cure in acute nephritis, *July*, 250
Vomiting in infantile dystrophy, *Jan.*, 1068
Von Jauregg's method of malaria-inoculation in paresis, *March*, 1271
Von Recklinghausen's disease, *May*, 1596
Vulvovaginitis, mycotic, with white or whitish-yellow discharge, *March*, 1168

WALLED-OFF perforation in peptic ulcer, *July*, 63
Wandering endothelial phagocyte, *March*, 1209
Wear and tear of life as cause of arterial hypertension, *Sept.*, 297
Wilson's disease, *May*, 1670

XANTHOMA tuberosum multiplex in latent syphilis, *July*, 21
x-Ray diagnosis of carcinoma of esophagus, *Jan.*, 1007
of gastric ulcer, practical points in, *May*, 1399
examination in ulcerative colitis, *July*, 191
in fusospirochetal pulmonary abscess, *July*, 132
study of gall-bladder, application of modern methods in, *Nov.*, 811
di-iodo-di-ethyl ether of disalicylphthalein for, *Nov.*, 813

x-Ray study of gall-bladder, tetrabromphenolphthalein method of Graham and Cole, *Nov.*, 812
of osteitis involving bones of pelvis, *May*, 1593
therapy in carcinoma of esophagus, *Jan.*, 1011
in erysipelas, *May*, 1658

YEAST-LIKE fungi, bronchomycoses due to, *March*, 1136
Yellow atrophy of liver following use of atophan, *Jan.*, 1025

ZUCKERGUSSLEBER, *Jan.*, 834
